Meeting Frequency: at least quarterly. Meetings can be called more often as required.

Coordination: Sport and Recreation Tasmania responsible for the coordination of the meetings.

Function: To facilitate the implementation of the Greater Hobart Mountain Bike Master Plan which outlines a regional network of MTB tracks which include localised track networks and centres, MTB facilities and connecting routes.

Responsibilities:

- Prepare and table a plan of proposed track developments.
- Review the implementation of the plan quarterly.
- Review the implementation of the Mt Bike Master Plan every 5 years.
- Review funding opportunities and coordinate funding applications where applicable.
